# DDoS mitigation in an IXP: Why?

# DDoS mitigation in NIX.CZ

# **DDoS mitigation in NIX.CZ**

**Testing stage from 20th February**

**Successful tests in cooperation  
with two FENIX member networks  
(Cesnet, Dial Telecom)**

**Currently using Cat6500 platform as  
mitigation boxes**

**Currently open for FENIX members,  
opening for all NIX.CZ connected  
networks planned with a new user  
interface**
